# SMILES all round

Dr Emily Chen graduated from the University of Adelaide. She is registered with the Australian Dental Board and is a member of the Australian Dental Association.

Soon after graduating Dr Chen worked overseas and furthered her study on aesthetic and restorative dentistry. On completion of her post-graduated studies she moved back to Australia and worked full time in private practice in Adelaide. She was also a tutor for undergraduate dental students at the University of Adelaide. Dr Chen decided it was time to move to Brisbane so that she could be closer to family. And that's when we jumped at the chance to make Dr Chen a part of our team! Dr Chen is fluent in English and Mandarin and understands some Cantonese. She enjoys reading a good book and catching up with friends over a cup of coffee.

**We welcome our new dentist - Dr. Chen!**

# JOKES & FUN FACTS
